SUMMARY
Machine learning engineer with 5 years of experience building NLP and classification systems.

EXPERIENCE
Senior ML Engineer - Acme AI Jan 2021 - Present
- Built NLP text classification pipelines in Python using scikit-learn, Pandas and NumPy
- Deployed models as REST APIs with Flask and Docker on AWS
- Used Git, CI/CD and SQL (PostgreSQL) daily

Data Scientist - DataWorks Jul 2019 - Dec 2020
- Developed machine learning models with TensorFlow and PyTorch

EDUCATION
M.Tech in Computer Science - IIT Kanpur, 2017 - 2019
B.Tech in Computer Science - AKTU, 2013 - 2017

PROJECTS
Resume Parser
- Extracted entities from resumes using spaCy and NLTK
Fake News Detector
- BERT based classifier using Hugging Face transformers

CERTIFICATIONS
AWS Certified Machine Learning - Specialty
TensorFlow Developer Certificate

SKILLS
Python, SQL, Docker, Kubernetes, Git, AWS, Flask
